SUMMARY

Third-year Bachelor of Science in Information Technology student specializing in Web and Mobile Application Development, with hands-on experience building responsive websites and academic software projects. Focused on front-end development using HTML5, CSS3, and JavaScript, with additional experience in Java, PHP, and relational databases. Developing full-stack capabilities through practical projects, debugging, testing, and continued learning.

TECHNICAL SKILLS

Front-End: HTML5, CSS3, JavaScript, Responsive Web Design, Mobile-First Design

Programming and Back-End: Java

Databases: MySQL, Microsoft SQL Server

Tools: Git, GitHub, Visual Studio Code, Apache NetBeans, Figma

Concepts: UI/UX Fundamentals, Object-Oriented Programming, Database Management, Version Control, Debugging, Software Testing

PROJECTS

PWD Organization Website | HTML5, CSS3, JavaScript

GitHub: [URL] | Live Demo: [URL]

- Contributed front-end implementation for a responsive organization website, translating page requirements into accessible, reusable layouts.
- Built mobile and tablet navigation behavior, content sections, team profiles, and consistent styling across screen sizes.

Personal Developer Portfolio | HTML5, CSS3, JavaScript

GitHub: [URL] | Live Demo: [URL]

- Developed a responsive portfolio presenting projects, technical skills, and contact information in a clear, recruiter-friendly structure.
- Implemented flexible layouts and media queries to improve usability across desktop, tablet, and mobile devices.

Payroll Management System | Java, Java Swing, Microsoft SQL Server

GitHub: [URL] | Demo: [URL, if available]

- Built a desktop payroll application with employee CRUD operations, payroll computation, deductions, overtime, and database persistence.
- Implemented payslip generation and payroll summaries using Java Swing interfaces and SQL queries.

PHP/MySQL Web Application | PHP, MySQL, HTML5, CSS3, XAMPP

GitHub: [URL] | Live Demo: [URL, if available]

- Developed a database-backed web application with user registration, login, form handling, and session-based authentication.
- Connected PHP application logic to MySQL and tested the local development workflow using XAMPP.

EXPERIENCE

Crew Member | McDonald's | Malolos, Bulacan | August 2024 - January 2026

- Collaborated with team members in a fast-paced environment while maintaining accuracy, reliability, and clear communication.

EDUCATION

Bachelor of Science in Information Technology (BSIT) | Bulacan State University

Specialization: Web and Mobile Application Development (WMAD) | Expected Graduation: [Year]

Relevant Coursework: Web Development, Mobile Application Development, Database Management, Software Engineering, Systems Analysis and Design, Software Testing, UI/UX

CERTIFICATIONS

Developing Designs for User Experience — Technical Education and Skills Development Authority | August 25, 2026
